## PRESS RELEASE

September 15, 2015

FOR IMMEDIATE RELEASE:

### **Free Workshops at NCTV - October 2015**

When: Tuesday nights during October from 6:30pm - 8pm

Where: NCTV Studio, 158 Main Street, Suite 5, Norfolk MA

**Every Tuesday night, NCTV hosts free workshops or discussions at the NCTV studio. All workshops are free and start at 6:30pm. Keep an eye out for the following workshops during the month of October!**

#### **October 6th - On Location Shooting (with GoPro!)**

**Instructor: NCTV Staff**

**Level: Beginner to Intermediate**

**Learn how to utilize a variety of different cameras while on location. We will look at our prosumer cameras for proper set-up as well as explore how to use the GoPro camera (and all the fancy mounts we have!). Some experience with cameras is encouraged but not required.**

#### **October 13th - Adobe Premiere Pro**

**Instructor: Jordan Tynes**

**Level: Beginner**

**The Adobe Suite has many powerful tools for media manipulation. For video editors, Premiere is often at the core of these tools. If you are in search of an alternative to Final Cut or just want to learn a new editing platform, come see what Premiere has to offer. This class will give an overview of Premiere. No experience necessary.**

#### **October 20 - Lighting with Available Light & Lamps**

**Instructor: NCTV Staff**

**Level: Beginner to Intermediate**

**Learn how to light in a pinch when you don't have proper equipment available like big bulky light kits. We'll show you how to use available light and common household lamps to achieve 3 point lighting. This is geared towards interview shots but other lighting scenarios can be explored as well.**

#### **October 27 - Green Screen & Chroma Key**

**Instructor: NCTV Staff**

**Level: Beginner to Intermediate**

# Norfolk Community Television

*Learn. Produce. Cover. Inform.*

**Explore the setup and uses of green screen/chroma key technology. We will look at how to green screen using studio equipment as well as using field cameras and compositing in post production (using iMovie, FCPX, and Adobe Premiere).**

**For more information or to sign up for workshops, visit [www.NorfolkCable.com/Classes](http://www.NorfolkCable.com/Classes).**

Norfolk Community Television is a non-profit community TV station located in the heart of Norfolk, MA. We offer education and access to media equipment in order to empower our community to have their voices heard. Videos created with our equipment can be seen on our channels and online and may not advertise or solicit for any for-profit endeavor. Access to our equipment, workshops, and resources is free of charge. We preference access to Norfolk residents but our doors are open to all.
